Co-operative Sports Agreement:

I am writing to you to provide current information regarding a possible NSAA co-operative agreement between Allen Consolidated Schools and Wakefield Public School. For the last three years Allen board members and administration have held meetings with area schools looking for the best possible partnership for a co-operative agreement that addresses the issues of declining student enrollment and student participation in specific extra-curricular activities. The board committee that has been conducting these meetings is going to recommend to the entire Board of Education that a formal NSAA agreement with Wakefield Public School be voted on at the May Board of Education meeting. The resolution will include the following extra-curricular activities for the 2018-2019 school year: Junior High Football, Junior High Wrestling, Junior High Volleyball, Junior High Boys and Girls Basketball, Varsity Volleyball, Varsity Girls Basketball, Varsity Wrestling, Varsity Boys and Girls Golf. If passed, this resolution will be active for two consecutive years.

Highlights of the agreement include:

Team Name: The name for the sport's teams included in the co-operative agreement will be "Wakefield – Allen Trojans". Their title will be used on programs as well as the official name listed on the NSAA resolution.

Team Colors: Maroon, white, and gold will be the official team colors.

Team Uniforms: New uniforms will be purchased for varsity girls' sports. Costs will be shared equally between the two school districts. Other sports included in the co-operative agreement, will have purchased on an "as needed"/rotation basis. Costs will be shared equally.

Wakefield will serve as the Host School as identified on the NSAA resolution.

Each school will provide at least one or two coaches in each sport. (This will accommodate increased student numbers.)

Head Coaches will be determined by administration from both districts.

Coaching costs will be paid based upon each school's extra-curricular salary schedule for their coach.

Games of shared sports will follow the Wakefield schedule.

Home games will be played in Wakefield. We are planning to hold games when appropriate in Allen.

Single basketball games or possibly a triangular volleyball match may be played in Allen.

Practice will be held in Wakefield; however, Allen facilities will be available and used when appropriate.

Potential and anticipated costs will be shared equally by both districts.

Wakefield's Student Code of Conduct, Eligibility, and Drug Testing policies will be used for the agreed-upon sports.

Allen and Wakefield believe this co-operative agreement is in the best interest of the district as a whole and for both communities.

We are looking at working together in other areas in addition to athletics. Curricular programs, as well as fine arts activities, will be evaluated annually.

Overall, the desire of each school's Board of Education is to continue to build positive relationships which benefit both districts and ensure viability for future years.

Regular meetings will be held between the board committees as well as administrative teams to evaluate the proposed co-operative agreements, as well as developing a process for possible expansion to include other areas.

Difficult as it is to believe, the 2017-18 school year is drawing to a close. Hopefully by now, we are all seeing some warmth and sunshine! It has been a wonderful year, and Allen students and teachers have been keeping extremely busy this spring between numerous activities and events. Just since Christmas, we have had students compete and receive honors in academic contests, district music contest, science fair competitions, speech contest, wrestling, basketball and track! We have also recently completed our state NSCAS testing, spring MAP testing, and our statewide ACT testing for juniors.

I would like to point out several important upcoming events here at school. We will be honoring students at the Science Showcase/National Honor Society/Academic Awards Ceremony on Tuesday, May 1, at 5:45 p.m. in the Allen Gym. We will be starting the evening with a science fundraiser meal from 5:45 to 6:30 pm, followed by NHS Induction at 6:30 pm with awards to follow, and concluding with an open-house showing of student science fair and art projects until 8:30 pm. Please join us in helping to congratulate these students who have worked hard all year and achieved in the classroom! Semester tests will be given on Monday (periods 2, 4, 6, 8, and 1) and Tuesday (periods 3, 5, and 7), May 21-22, 2018. Please encourage your students to be studying, but also to be getting adequate rest during this time.

We are also looking ahead to the 2018-19 school year, and students in grades 6-11 have just registered for next year's classes. By now, parents should have seen and signed the registration request sheet, but changes can still be made over the summer and during drop/add at the start of the school year. Over the summer, I will go through each high school student's schedule one by one, and do a credit check to make sure graduation requirements are being met. If you have any questions about course requests or requirements, please contact me here at school. I would love to discuss your student's schedule and options with you.

Allen High School commencement exercises will be held on Saturday, May 12th, at 2 p.m. Our seniors have reached the end of their high school educational career here at Allen, but it is just the beginning of their adult life. Congratulations to seniors, and senior parents as well! We are so excited for them as they embark on this new journey of lifelong learning, and wish them the best in whatever their futures hold.

COUNSELOR'S OFFICE

Seniors . . . Borrow wisely for college!!

Review these tips before you decide how much to borrow in student loans:

- ◇ Borrow only what you need, even if it's less than the amount offered in your award letter.
- ◇ Try to use your student loan money *only* for tuition, room and board, books and fees. Get a part-time job during college to pay other expenses.
- ◇ Apply for financial aid each year you attend college by completing the FAFSA.
- ◇ Continue to look for scholarships while you're in college.
- ◇ Keep track of your student loan debt throughout college at nsids.ed.gov.

To learn more, read the EducationQuest Blog article: "Student Loan Refresher" and see the "Paying for College" section at EducationQuest.org.

How to prepare for your freshman year of college

Visit the College Students section at EducationQuest.org for tips to help you prepare for your freshman year of college. You'll find information on these topics:

- ⇒ Achieving academic success
- ⇒ How to manage your money.
- ⇒ How to select a major.
- ⇒ What to expect your freshman year of college.

For an idea of what college might be like, check out the EducationQuest Blog article at EducationQuest.org.

Juniors... here's your summer to-do list

- ◇ **Narrow your college choices** to three or four by the time school starts. If you haven't already, schedule a campus visit to your top contenders.
- ◇ **Become familiar with the FAFSA** (Free Application for Federal Student Aid). Beginning **October 1, 2018**, you and your parents can complete this form to apply for college financial aid.
- ◇ **Update your Activities Resume** at EducationQuest.org. Include extracurricular activities, honors, awards, and part-time jobs.
- ◇ **Look for scholarships.** Check out ScholarshipQuest at EducationQuest.org for Nebraska-based scholarships, and pay attention to scholarships seniors have received.
- ◇ **Find a summer job to help pay for college expenses.** Ask prospective employers if they offer education assistance programs.

For more details, see Selecting a College at EducationQuest.org.

Safety / Crisis Information

The Nebraska Department of Education is in the process of unifying language for safety procedures across schools in the state. The procedures requiring action are called "Standard Response Protocol" and consist of 4 main actions—lockout, lockdown, evacuate, and shelter.

According to NDE, the Standard Response Protocol "is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident."

Here at school, we will be practicing drills based on these four actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don't be alarmed, and just know that we are practicing so that we can better protect our students.

Attention all Allen alumni!

We are in the process of putting together a board or banner that honors all past valedictorians, salutatorians, and students who scored 30 or higher on the ACT test. Our goal is to be as accurate as possible based on our records as well as yearbooks that we have on hand, but we are missing some years, and we believe that not all ACT data were kept in student files in the distant past.

Please call Lana Oswald at (402) 635-2484 or email at laoswald@allenschools.org.

We have updated these forms - if you have any corrections or additions please let me know!

Thank you!

2019 SENIOR PICTURES

The school needs two colored billfold size portraits or a digital photo copy of each 2019 senior for senior class composites.

These need to be taken with a plain background.

The copies are due by **January 5, 2019.**

Be a Volunteer!

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a student, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, or helping chaperone on a field trip are all ways that one can serve as a school volunteer.

Volunteers are made up of parents, grandparents, business people, retirees, high school students, and other community members. They can volunteer on a regular basis or on special occasions. If you would like to volunteer please call the school at (402) 635-2484.

Academic Awards National Honor Society Induction Science & Art Showcase Monday, May 1, 2018

We are beginning at 5:45 P.M. with a free-will donation fundraiser meal put on by the science department, with NHS Induction at 6:30 P.M. followed by Academic Awards. Science Fair & Art projects will be set up throughout the gym for people to browse during mealtime as well as after the Awards Ceremony in an open-house format until 8:30 P.M. Come and see what they've been up to--we are blessed with amazing kids here in Allen and it will be a great night to celebrate their academic achievement.

Do you have a child who will be 4-years-old by July 31, 2018?

If you do, it is time to start thinking about Preschool.

The 2018-2019 school year will be our seventh year of preschool in Allen.

Although it seems like all play, preschool also offers certain benefits to children to experience. These experiences include helping to boost cognitive and motor development, enhancing social skills, and increasing independence.

A preschool education helps build a foundation of learning that will follow your child into her/her school years.

If you would like to enroll your child in preschool for the 2018-2019 school year, please call the school for information. (402) 635-2484

Prospective Preschoolers for 2018-19 are:

Landri Anderson, Maxsen Ankeny, Bryon Eisenhauer, Paisllie Erwin, Luke Garrad, Joe Kinzey, Liberty Schroeder, Paxton Peterson, and Elsie Wortman.

Dear Parent,

We would like to use an app called "REMIND" to relay band and music information to students and parents and avoid using the school ADT system which notifies ALL parents in the district. We are hoping to cut down on the number of ADT calls that people receive, but still share important information with parents and students. The information can come via text messages, mobile app notifications, or email, depending on how you choose to join, and your cell number and/or email is NOT seen by anyone else—you supply it, but it remains hidden within the program. PLEASE BE AWARE that if you change cell numbers or email addresses, you will need to rejoin the remind group.

The way it works:

TO GET TEXT NOTIFICATIONS:

Join by text: Participants text a unique class code to a Remind phone number. For U.S teachers, the Remind number is 81010. For example, if you wanted to join jazz band with the class code @42ggfd, you would text @42ggfd to 81010. You'll get a response with more instructions.
Join online: Visit remind.com/join and enter the class code along with your mobile phone number. You'll get text notifications at the number you entered.

TO GET MOBILE APP NOTIFICATIONS: Download the mobile app for iOS and Android devices and create a new account (or log in if you already have one.) To join a class, tap the + by Classes Joined and either join with your class code or search for your class. You'll automatically get app notifications.

TO GET EMAIL NOTIFICATIONS:

Join online: Visit remind.com/join and enter the class code and your email address.
Join from your inbox: Send a blank email to "code@mail.remind.com". If the class code was @42ggfd, for example, you'd send a blank email to 42ggfd@mail.remind.com. (You would NOT put the @ at the beginning of the address.) You'll get a response with more instructions.

There are THREE groups that you can join – you may join only one or multiple groups, you just need to follow the steps above for each class you which to join. The codes for those classes are:

Class	Code
HS Band/Choir (Grades 8-12)	@kf2e2
JH Music	@47de6b
Jazz Band	@42ggfd

Thank you so much for your support!

Results of the Northeast Nebraska Junior Academy of Science Regional Science Fair at Wayne State College

On April 6th sixteen students from Allen Consolidated Schools presented their science projects at the Northeast Nebraska Junior Academy of Sciences Regional Science Fair at Wayne State College. The students performed very well with four of the 12 state science fair qualifiers and both alternates to attend the state science fair conducted their science research at Allen Consolidated Schools. State qualifiers that conducted their research at Allen Consolidated Schools were Katie Bathke, Jasmine Galvin, Cole Woodward, and Levi Woodward. Katie and Jasmine are juniors in high school and qualified for the state science fair for the second year in a row, while Levi Woodward, a senior, qualified for the state science fair 3 out of 4 years. Cole a freshman qualified for the state science fair a second time as he went to the state science fair as a 7th grade student. Alyssia Strivens and Makaya Johnson won blue ribbons and were selected as the alternates to attend the State Science Fair. The Nebraska Junior Academy of Sciences State Science Fair will be held on April 19, 2018 at Nebraska Wesleyan University. Complete results of the regional science fair are listed below.

Junior Division:

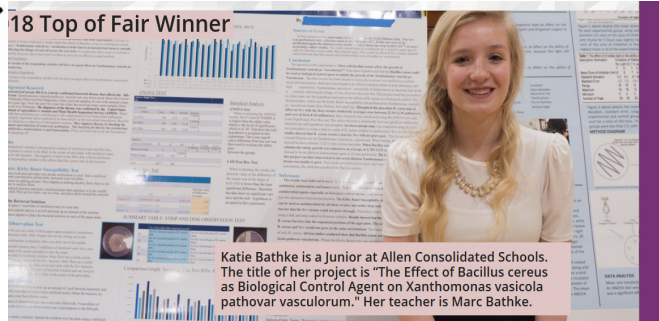

- Brody Floyd: Red Ribbon
- Joe Grone: Blue Ribbon
- Jalen Jackson: Red Ribbon
- Sarah Papke: Red Ribbon
- Makaya Johnson: Blue Ribbon, selected as the Alternate to attend the state science fair
- Kaleb Kumm: Red Ribbon
- Ty Krommenhoek: Red Ribbon
- Skylar Rahn: Red Ribbon

Senior Division

- Ashley Kraemer: Red Ribbon
- Wyatt Verzani: Red Ribbon
- Cole Woodward: Blue Ribbon Selected to attend the state science fair.
- Josh Grone: Red Ribbon
- Alyssia Strivens: Blue Ribbon selected as the alternate to attend the state science fair
- Katie Bathke: Blue Ribbon selected to attend the state science fair
- Jasmine Galvin: Blue Ribbon, selected to attend the state science fair
- Cassidy Thomas: Red Ribbon
- Levi Woodward: Blue Ribbon, selected to attend the state science fair.

Congratulations to Katie Bathke for being selected as one of the top science projects at the 2018 Greater Nebraska Science & Engineering Fair in Nebraska City. Katie is one of two research students selected to attend the International Science & Engineering Fair in Pittsburgh, PA. This year GNSEF was extremely competitive with 43 senior high projects from across the state and many of these projects Katie competed against were done at the University of Nebraska Medical Center.

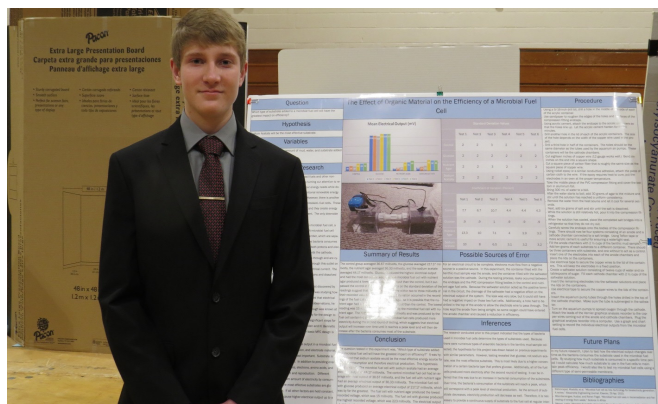

Good Work, Katie!

Levi Woodward Qualifies for National Science Competition

On April 20, 2017 thirty of Nebraska top high school projects competed at the Nebraska State Science fair at Nebraska Wesleyan University. Allen Consolidated schools was represented by Cole Woodward, Levi Woodward and Katie Bathke. During the competition the judges are instructed to find the top projects that should be sent to national competition. This year Levi Woodward finished in the Top 10 in the Senior Division of the Nebraska Junior Academy of Science State Science Fair qualifying him to present at the AJAS / AAAS National Science Symposium in Washington DC in February of 2018.

**School Age Children
in the District**

If you are new to our district or know of anyone who is new to our district who has children between birth and age 20, they are encouraged to call the school at (402) 635-2484 to provide us information regarding those children. State statute and board policy requires that the school district establishes a permanent, continuing census of all school children from birth to age 20 who reside in the district, and maintain this census on a yearly basis.

Thank you for your help!
