

SUPERINTENDENT'S CORNER

Congratulations to all individuals currently participating in extra-curricular activities this fall! Late October and early November is a busy time of year with conference tournaments under way and regular season events winding down. Please continue to support all of our students in the extracurricular activities at Allen. To stay current with the latest updates on activities, events and day-to-day news, log on to the school's website at www.allenschools.org. This website houses current and pertinent information all within one location. Take advantage of this resource to support our Allen Eagles students and staff and to learn about upcoming events at school. We always welcome your feedback! If you have suggestions on how to make the webpage more beneficial for parents and community members, please let us know.

On September 19th we held our parent teacher conferences for the first semester. If you did not have an opportunity to visit with your child's teacher(s), please call or e-mail for an update on how your child is progressing so far this year. We had 77% of our parents participate in parent-teacher conferences for students in Pre-School through 12th grade. Thank you to all who attend and your continued support for our school!

Michael Pattee, Superintendent

EARLY OUT
- November 27 -

NO SCHOOL
- November 28 & 29 -

Information regarding school delays and closing can be found on all Sioux City TV and radio stations. There are many factors to consider before making the decision to cancel classes, to start late, or to dismiss early. First and foremost, is the safety of the students, faculty, parents, and staff. Such a decision is not taken lightly.

We will be communicating with other area schools and hopefully will make a decision as to a weather related two-hour late start or closing as soon as possible. Occasionally a decision can be made either for a two-hour late start or a closing the night before. In the case of severe weather please check the 10:00 pm Sioux City news for up-to-date late start and closing information.

Weather-related dismissals can also be found by going to the school website at www.allenschools.org and clicking on the Siouland Matters Weather Closings and Delays button, the KMEG 14 & Fox 44 School Closings button, or the KTIV Winter Delays and Closings buttons on the right side section of the front page.

The school will be continuing to use the ADT program where each family will be called about delays and closings, as well as continuing to use the push notifications from the **Allen Consolidated App** that can be found on the Google Play Store or the iTunes Store.

****make sure to allow push notifications when installing the app.****

Occasionally it may be necessary because of bad weather to have an early out. If this is the case every effort will be made to publicize the early out and contact parents. We do not want to have students home alone without prior parent approval.

Happy autumn! It is difficult to believe it is already November, the first quarter is complete, and we are looking ahead to Christmas. Report cards have been mailed, and honor roll announced. Please check this newsletter or the school website to see the full honor roll list. We have a large number of students who excel academically, and we want to give them a hand for their efforts! Special congratulations go to Brogan Jones who was recently chosen as an area school winner for the Believers and Achievers NSAA award!

At this time, our fall activity season is also drawing to a close, and I would like to congratulate all of our students and sponsors for representing our school so well. Our athletes have competed hard this fall, the band has played at some ballgames, FFA members have competed successfully at several events, and the One Act team is gearing up for conference and district competition as well. Hopefully our students have experienced life-long learning lessons from their participation that will serve them well later on. This past month three students—Brock Floyd, Lukas Oswald and Sarah Papke--auditioned for All-State Chorus and deserve recognition as that process involves a lot of time, commitment and hard work! This year, Allen will be represented at the NMEA performance in Lincoln on Saturday, November 23rd at 1:30 pm at the Lied Center by Lukas Oswald, son of Dawn and Curtis Oswald. This is a "4-peat" award for Lukas as he's gone to Lincoln all four years of his high school career. All of these students worked extremely hard and deserve a big "Congratulations!"

As in past years, our sophomores are spending time this fall going through an ACT preparatory series designed to help students increase test scores. This program is available to our students with the help of ESU 1 in Wakefield, and our juniors will be participating in the same program next spring. The goal of the program is to help students improve their ACT scores and then as the program's motto states: "get into the best college at the lowest cost!"

Finally, I would just like to encourage parents to continuing helping your child make good decisions. We appreciate your support and cooperation here at school. If there is a problem, we need to communicate and work as a team to solve the problem and move forward. By working together we can make this a great school year for all of our students!

Allen Consolidated Schools Improves Student Safety with TIPS

Just a reminder: the TIPS reporting link is on the school website and can be used to allow the anonymous reporting of bullying, weapons, abuse, vandalism, suicide risks and other concerning behaviors that may have a negative effect on the school's learning environment.

TIPS can also be used to report acts of kindness or other make positive comments in something called a Hero report.

How it works: if you are worried about friends, students or others, or if you witness concerning behaviors, simply go to the Allen School website (www.allenschools.org) and click on the TIPS REPORT INCIDENT button.

Select the appropriate incident type, share the necessary details and then SUBMIT.

Once an incident report is made, the principal and designated staff members are immediately notified via email and can securely review the report details to begin coordinating an appropriate assessment and response. TIPS provides all team members with the right tools to track and document the actions taken, see related reports, set automated reminders, review past reports, check school policy, and connect the right dots so no students or incidents are overlooked. **Please keep in mind that due to confidentiality issues, it may not be possible for reporters to be informed on how their report was handled and/or how the situation was resolved.**

Thank you for helping to keep our students safe!

Be a Volunteer!

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a student, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, or helping chaperone on a field trip are all ways that one can serve as a school volunteer. Volunteers are made up of parents, grandparents, business people, retirees, high school students, and other community members. They can volunteer on a regular basis or on special occasions.

If you would like to volunteer please call the school at (402) 635-2484.

The school will be hosting a
Veterans Day Breakfast
 at 7:30 a.m. until 8:10 a.m. on
Monday, November 11, 2019.

ALL VETERANS and spouses and all current service members and spouses are invited. A program will follow to honor the true American Heroes. Please take a few minutes out of your day to show respect to those who have put their lives on hold, to ensure we do not have to.

If you know of a veteran or service member who has not been publicly honored with a plaque during the past three years, please get that information to: Megan Kumm, Sara Kumm, Richard Puckett or Dave Uldrich.

Information necessary would be: Name, branch served, years of service and rank. If the veteran or current service member has relation in the school, please note that when notifying us.

We hope to see you there,

Dave Uldrich

Safety / Crisis Information

The Nebraska Department of Education is in the process of unifying language for safety procedures across schools in the state. The procedures requiring action are called “Standard Response Protocol” and consist of 4 main actions—lockout, lockdown, evacuate, and shelter. According to NDE, the Standard Response Protocol “is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident.”

Here at school, we will be practicing drills based on these four actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don’t be alarmed, and just know that we are practicing so that we can better protect our students. **In the event that we would ever need to evacuate the building for any reason, our Parent Reunification Site will be the Methodist Church, 402 Summit Drive, Allen.**

In the case of an emergency, we would ask that parents and community members keep the following in mind:

- Parents and relatives should **NOT** respond to the incident site (**school**) to allow public safety personnel time to respond to the incident.
- Students will be released only to approved adults at the evacuation/reunification site (**Methodist Church**).
- All members of the community should avoid driving anywhere within several blocks of the incident or evacuation/reunification site.
- All members of the community should avoid using cellular phones for the first several hours of the situation. This is to help keep cellular phone service from collapsing, as it has in a number of school crisis events. School and public safety officials may be heavily reliant on cellular service during a crisis.
- Concerned parties should not call the school, school board members, or public safety dispatch centers to get information regarding the incident or particular students and employees. Personnel at these locations will be extremely busy, and often do not have information regarding each evacuee. Inquiries severely hamper efforts to manage the crisis properly.

We certainly hope we **NEVER** have to actually use these procedures, but we want to be as prepared and responsive as we can possibly be if we do.

Thank you!

Freshmen Civics Class Perform Community Service Projects

The freshmen Civics class completed three community service projects this past month.

The projects are part of a curriculum requirement of the Civics class, in which the projects are all student driven and decisions on what, where, how, and whom to contact are placed upon the students themselves.

Groups were established by a random lottery draw. The students then put their idea together and submitted it to Mr. Uldrich, the Civics instructor for approval.

The three groups were advised that the projects were for community beautification, aesthetic appearance, or improved use, and NO compensation for time and efforts were to be expected by any individual or the group, and projects had to be done on a weekend lasting at least 2-3 hours.

The three groups selected the following projects.

Group one consisted of Joe Grone, Brody Floyd, Maddy Roach and Dean Roth. They selected and executed painting of the parking lot lines at the school east parking lot.

Group two consisted of Caiden Gregg, Garrett Kraemer and Joey Waldo. The three young men collected can goods in the amount of one trunk full for the food pantry, based out of the Methodist Church in Allen.

Group three, consisted of Zach Mitchell, Jaylen Jackson, Sarah Papke, and Octavier Martell. Their project was to mow and trim as best as possible the Martinsburg Methodist South Cemetery.

It definitely was a project well done for the conditions.

Thank you Civics class for your time and efforts!

UNL MATH DAY

7 students will be journeying to UNL MATH DAY on Thursday, November 14, 2019.

They will be involved in taking a PROBE math test in the morning and a MATH BOWL competition in the afternoon. PROBE means -Problems Requiring Original Brilliant Effort. Those that get a high score on the first PROBE test advance to the second test. The Math Bowl is a double elimination tournament that requires quick thinking. Four rounds will be in the morning, with the different class results in the afternoon. There will also be Games, Puzzles, and Demonstrations on Math material.

Students involved are Jacob Anderson, Anthony Isom, Ty Krommenhoek, Kaleb Kumm, Joey Waldo, Joe Grone, Sarah Papke. Mr. Curnyn will accompany them to Lincoln.

There will be around 1000 kids at this event. Last year Allen was in the top 50%. We hope for good results this year.

Levine Math Classes

During 2nd quarter my math students will be doing units on Banking. The material was donated by the Bank of Dixon. Information on checking and savings accounts, loans for cars, home repair, mortgages, stocks, and counting change are some of the things we will be going over.

I will also be introducing them to Mathematicians in History. They will choose one person from a list of 100 Mathematicians and create a flyer that includes the mathematician's name and nationality and their years of life. A short summary of their life and accomplishments will be arranged on a single sheet of paper. Banners, text changes, graphics, and borders will complete the presenting of the information.
