

## SUPERINTENDENT’S CORNER

September is a busy month for the office of the Superintendent and for the local school board. In September, school districts officially reach the end of the fiscal year on August 31 and the beginning of the new fiscal year on September 1. During the month of September, the new budget is adopted and tax levies are set. One of the more common questions I have received recently concerns the wind turbines that have been built in the Allen Consolidated School District and how much money will they generate for the school. At this time there are both knowns and unknowns regarding the revenue generated by the turbine project.

We know that money generated by the wind turbines will be collected at the state level and then distributed to the county. At designated times of the year, the county will then distribute those dollars to the local taxing entities i.e. - school districts, townships, fire districts, etc. At this time we do not have an exact figure on what will be sent to the taxing entities nor do we know exactly when those monies will be distributed first at the county level and second, at the local taxing entities level.

The Allen Consolidated School Board is committed to using portions of the money from the wind turbines to help lower the tax levies of property owners. The full effect of the wind turbine money will not fully impact the 2019-2020 school year due to the established timeline for identification of fiscal need, budget development and adoption. The fiscal year budget is voted on by the board of education during the September meeting. By this time next year, when the 2020-2021 school year budget is being determined, we will be able to accurately account for the monies that will be allocated to the school as well as a timeline for disbursement.

If you have any questions about the wind turbines or about the budgeting process for the school, please contact in the office of the Superintendent.

Michael Pattee, Superintendent

## PRINCIPAL'S CORNER

Allen students kicked off the 2019-20 school year on Wednesday, August 14, and we now have our first full week of school firmly under our belts. The entire staff has been working hard to get ready for the new school year, and it has been exciting to see both new and familiar faces fill the hallways.

Fall sports activities are also about to resume, with the opening Wisner-Pilger-Pender volleyball tournament beginning on Thursday, September 5, and our first football game at home vs. Cedar Bluffs on Friday, August 30. Prices for games this year are again \$5 for adults and \$4 for student and yearly activity passes are available in the office for \$240 family, \$100 couple, \$60 individual, and Golden Eagle Senior passes (Age 60+) for \$40 individual and \$75 couple. Let's come out and support our players with Eagle spirit, and also make sure we treat coaches, officials, and all players the way that we would want to be treated! In addition, we would like to invite you to send us your pictures from school events so that we can post them on the school website! Please send pictures to Becky Stapleton at [bstapleton@allenschools.org](mailto:bstapleton@allenschools.org).

In addition, by this time many of our seniors have started an internship or have begun taking a college level class on Fridays. We are so excited about offering this opportunity to our students, so if you are unfamiliar or have questions about this, please ask! Parent-teacher conferences are scheduled for Thursday, September 19, from 3:30 to 7:00 pm with an early out at 1:50 pm that day. We would love to have a chance to visit with all of our parents! As always, if you have any questions or concerns, please feel free to stop in the office or call.

Secondary Principal

### Allen Consolidated Schools Improves Student Safety with TIPS

Just a reminder: the TIPS reporting link is on the school website and can be used to allow the anonymous reporting of bullying, weapons, abuse, vandalism, suicide risks and other concerning behaviors that may have a negative effect on the school's learning environment.

TIPS can also be used to report acts of kindness or other make positive comments in something called a Hero report.

How it works: if you are worried about friends, students or others, or if you witness concerning behaviors, simply go to the Allen School website ([www.allenschools.org](http://www.allenschools.org)) and click on the TIPS REPORT INCIDENT button.

Select the appropriate incident type, share the necessary details and then SUBMIT.

Once an incident report is made, the principal and designated staff members are immediately notified via email and can securely review the report details to begin coordinating an appropriate assessment and response. TIPS provides all team members with the right tools to track and document the actions taken, see related reports, set automated reminders, review past reports, check school policy, and connect the right dots so no students or incidents are overlooked.

**Please keep in mind that due to confidentiality issues, it may not be possible for reporters to be informed on how their report was handled and/or how the situation was resolved.**

Thank you for helping to keep our students safe!

### Be a Volunteer!

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a student, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, or helping chaperone on a field trip are all ways that one can serve as a school volunteer. Volunteers are made up of parents, grandparents, business people, retirees, high school students, and other community members. They can volunteer on a regular basis or on special occasions.

If you would like to volunteer please call the school at (402) 635-2484.

The Juniors and Seniors will again be serving as student mentors for some of our Kindergarten through 8th grade students. Any Junior or Senior is welcome to serve as a mentor. It is not only a great community service opportunity, but it also builds meaningful relationships and leadership skills.

### The “Backpack Program”

The Backpack program will again be offered to our students Pre-School through 12th grade free of charge. A green enrollment sheet was sent home with your child at the beginning of the school year. The bag of food will be sent home on each Friday or last day of school for the week. Please contact Mrs. Kneifl with any questions.

### Safety / Crisis Information

The Nebraska Department of Education is in the process of unifying language for safety procedures across schools in the state. The procedures requiring action are called “Standard Response Protocol” and consist of 4 main actions—lockout, lockdown, evacuate, and shelter. According to NDE, the Standard Response Protocol “is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident.”

Here at school, we will be practicing drills based on these four actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don’t be alarmed, and just know that we are practicing so that we can better protect our students. **In the event that we would ever need to evacuate the building for any reason, our Parent Reunification Site will be the Methodist Church, 402 Summit Drive, Allen.**

In the case of an emergency, we would ask that parents and community members keep the following in mind:

- Parents and relatives should **NOT** respond to the incident site (**school**) to allow public safety personnel time to respond to the incident.
- Students will be released only to approved adults at the evacuation/reunification site (**Methodist Church**).
- All members of the community should avoid driving anywhere within several blocks of the incident or evacuation/reunification site.
- All members of the community should avoid using cellular phones for the first several hours of the situation. This is to help keep cellular phone service from collapsing, as it has in a number of school crisis events. School and public safety officials may be heavily reliant on cellular service during a crisis.
- Concerned parties should not call the school, school board members, or public safety dispatch centers to get information regarding the incident or particular students and employees. Personnel at these locations will be extremely busy, and often do not have information regarding each evacuee. Inquiries severely hamper efforts to manage the crisis properly.

We certainly hope we **NEVER** have to actually use these procedures, but we want to be as prepared and responsive as we can possibly be if we do. Thank you!
