SUPERINTENDENT'S CORNER

I would like to take this opportunity to thank all of our students, parents, coaches, and sponsors for all of their support and encouragement during the winter season. Without the cooperation of everyone involved we would not have successful programs at the school. Congratulations to all of our students, coaches, and sponsors who took the time and effort to be a part of any activity this winter. It is hard to believe but the winter season is almost over and the spring/track season is right around the corner.

Kindergarten Class
 ~100th day of school ~

As the weather continues to be an issue in the next few months Allen Consolidated schools will continue to use local television stations and the ADT Tyco Alert calling system as the main sources to report school information relating to late starts or cancelations. Decisions about a possible late start or no school will be made as soon as possible the morning of the inclement weather. As soon as the decision is made information will be posted to the local television stations and an ADT Tyco Alert call will be made.

Michael Pattee, Superintendent

Information regarding school delays and closing can be found on all Sioux City TV and radio stations. There are many factors to consider before making the decision to cancel classes, to start late, or to dismiss early. First and foremost, is the safety of the students, faculty, parents, and staff. Such a decision is not taken lightly.

We will be communicating with other area schools and hopefully will make a decision as to a weather related two-hour late start or closing as soon as possible. Occasionally a decision can be made either for a two-hour late start or a closing the night before. In the case of severe weather please check the 10:00 pm Sioux City news for up-to-date late start and closing information. Weather-related dismissals can also be found by going to the school website at www.allenschools.org and clicking on the Siouxland Matters Weather Closings and Delays button, the KMEG 14 & Fox 44 School Closings button, or the KTIV Winter Delays and Closings buttons on the right side section of the front page.

The school will be continuing to use the ADT program where each family will be called about delays and closings, as well as continuing to use the push notifications from the **Allen Consolidated App** that can be found on the Google Play Store or the iTunes Store.

****make sure to allow push notifications when installing the app****

Occasionally it may be necessary because of bad weather to have an early out. If this is the case every effort will be made to publicize the early out and contact parents. We do not want to have students home alone without prior parent approval.

PRINCIPAL'S CORNER

It is difficult to believe that we are more than halfway through the 2018-19 school year! We had a fantastic first semester, and I am so proud of our students, staff, and community. I would like to specifically congratulate the senior class and encourage them to continue to work hard this semester—their very last semester here at AHS! I love the following quote by Sam Levenson: “Don’t watch the clock. Do what it does. Keep going.” Treasure your time, celebrate your memories, and make the most of your last semester!

We are also in the middle of our busy winter activity schedule, and our students and coaches are working hard and appreciate your support! We are proud of the positive way in which they represent our district both on and off “the court”, whatever that court may look like. I would like to recognize some students who are very deserving of congratulations:

Lewis and Clark Conference Principal’s Award for 2018-19 (***denotes repeat winners**):

Seniors: *Katie Bathke, *Summer Jackson, and *Cassidy Thomas

Juniors: Jacob Anderson, Brogan Jones, Alyssia Strivens, and Ally Twohig

In order to be selected for this award, students must have a cumulative GPA of 3.5 or higher, and must be involved in a conference activity. Great job, students!

Finally, I would like to remind parents of the importance of dressing students properly at this time of year. Not surprisingly, we are being presented a variety of weather conditions this winter. From single digits and subzero wind chills, to temperatures in the forties with rain and fog, it can be interesting to look out the window each morning! Regardless of what Mother Nature hands us, it is essential to make sure students have proper winter gear in order to be prepared and protected.

Becoming a school volunteer can be one of the most rewarding experiences in life. Allen Consolidated Schools Improves Student Safety with TIPS

Just a reminder: the TIPS reporting link is on the school website and can be used to allow the anonymous reporting of bullying, weapons, abuse, vandalism, suicide risks and other concerning behaviors that may have a negative effect on the school’s learning environment. TIPS can also be used to report acts of kindness or other make positive comments in something called a Hero report.

How it works: if you are worried about friends, students or others, or if you witness concerning behaviors, simply go to the Allen School website (www.allenschools.org) and click on the TIPS REPORT INCIDENT button. Select the appropriate incident type, share the necessary details and then SUBMIT.

Once an incident report is made, the principal and designated staff members are immediately notified via email and can securely review the report details to begin coordinating an appropriate assessment and response. TIPS provides all team members with the right tools to track and document the actions taken, see related reports, set automated reminders, review past reports, check school policy, and connect the right dots so no students or incidents are overlooked. **Please keep in mind that due to confidentiality issues, it may not be possible for reporters to be informed on how their report was handled and/or how the situation was resolved.**

Thank you for helping to keep our students safe!

COUNSELOR'S OFFICE

Seniors . . . where are you in the FAFSA process?

Getting financial aid for college involves more than completing and submitting the Free Application for Federal Student AID (FAFSA). Make sure you get through each step of the process so that you don't miss out on money for college.

Did you complete and submit a 2019-20 FAFSA? If you haven't, complete the form at FAFSA.gov using 2017 income tax data. Before you start, you and a parent must each get a FSA ID at faid.ed.gov. You'll need the FSA IDs to access and sign your FAFSA.

If you DID submit a FAFSA, here is what happens next:

- ◆ Expect a Student Aid Report (SAR) via an email link. The SAR acknowledges that your FAFSA was received and lets you know if you need to take further action before the form can be processed.
- ◆ You might receive a "verification" notification. The college(s) you listed on your FAFSA may contact you requesting documents to verify information you included on your FAFSA. You must provide those documents before your financial aid can be processed.
- ◆ Watch for an award letter from the college(s) you listed on your FAFSA. This will detail the types and amounts of financial aid they are offering you. You must have been accepted for admission before the college will send you an award letter.

It is critical that you watch your email and/or student portal carefully to ensure you don't miss important information about admission and financial aid.

What you need to know about scholarships!

Most scholarships are based on academics, but others are based on community service, school involvement, or talent. Some are based on financial need as determined by the results of your FAFSA.

Here's where you can find scholarships:

- ◆ ScholarshipQuest at EducationQuest.org houses over 2,000 Nebraska based scholarships. After you create your profile, you'll be matched with scholarships that fit your criteria.
- ◆ Your school counselor's office. Visit regularly to check on local and national awards.
- ◆ The college you plan to attend. Contact the school for a list of scholarships they provide and application procedures.
- ◆ National search sites such as College Board, Peterson's and Chegg.
- ◆ Other resources could include your coach, clubs and organizations, an your parents' employers and civic organizations.

Nebraska students in grades 9-12 are encouraged to follow EducationQuest on Facebook, Twitter, and Instagram for a chance to win a \$500 Scholarship!

Each time EducationQuest reaches specific follower milestones on our social pages, we'll invite current and new followers to enter into a drawing for a \$500 scholarship!

Pennies for Patients

Along with care package items, we are asking if you could send a short letter addressed to a Military member. Some other ideas could be to make a homemade card, Valentines, St. Patrick or thank you card or letter. These items would help to lift the spirits of our men and women who are away from home.

Items will be collected from **February 1st until March 8th** by grades Pre K through Sixth. Library News

Elementary Book Focus

During the month of February, students in grades PK-4 will read and do activities centered around the *Pete the Cat* book series by James Dean and Eric Litwin. A little bit about Pete: "Pete the Cat is a groovy, blue cat. No matter where he goes, Pete the Cat always keeps his cool. He loves surfing, playing baseball and guitar, spending time with his friends, and trying new things." Children of all ages enjoy reading about the adventures of Pete and his friends and how they work together to overcome problems that arise.

Pizza Hut Book It!

The Pizza Hut Book It! program in our school has continued to be successful. As of January 2019, 11 elementary students have met their Book IT! reading goal each month. Those superstar readers are:

Aidan Suing	Grace Ankeny	Kaelyn Ankeny	Luke Garrard
Paxton Peterson	Maxsen Ankeny	Kayden Gustman	Paisllie Erwin
Carter McNear	Alex Ankeny	Miley Boyle	

Please continue to encourage your child to read their goal minutes per day. This program would not be successful without parent encouragement and I thank you for that!

Lexile Reading Levels

Elementary students recently finished their winter testing and now have an updated Lexile level. During library time, students choose two books to check out. One book is purely of their choice on any reading and/or interest level. The other book chosen by the student, must be within their Lexile reading level according to their MAP and AIMS web scores from January 2019. (This practice excludes the preschool and kindergarten students). The Lexile books checked out by each student are written down each week and kept on file in the library for teacher and student reference.

A Little More About Lexile:

Our students receive a Lexile level range based on their performance on the MAP and Aims Web assessments. The higher the Lexile measure, the higher the student's reading level. The reader's Lexile Framework works in intervals of five with 5L being the lowest. The highest possible measure is 2000L. Anything below 5L is assessed as a BR or Beginning Reader.

Lexile levels are scientifically and mathematically assigned based on the difficulty and readability of a book. Once you know your child's Lexile level, you can search for books that match this level to expand your home library and encourage daily reading practice in your own home. Use the Lexile database (lexile.com) to search by Lexile level, title, or subject to find books your child will enjoy and be able to read without becoming discouraged at his or her reading achievement. Contact your child's teacher to obtain his/her most current Lexile level.

Book Fair

The Allen School library will host a book fair February 18th-28th. It will be open during the school day until 4 pm with extended hours the evening of parent-teacher conferences on Thursday February 21st. Come in and take a peek at the variety of books available for immediate purchase. The book fair truly is one of the most affordable ways to purchase books for your family! Books purchased at our school's book fair, help us to earn money towards new books and resource materials for our school's library as well as for individual classrooms.

Are you new to the Allen School District or have you had an addition to your family?

The School District Census Report is a requirement from the Department of Education that is due every July for children ages 0 - 21 that reside in our school district. These numbers are used by the Nebraska Department of Education for state aid and for federal funding. This list is also used to invite children who are eligible to be enrolled in Pre-School and Kindergarten each spring.

If you are new to our district or know of anyone who is new to our district you are encouraged to contact the school to provide us information. State statute and board policy requires that the school district establishes a permanent, continuing census of all children age 0 - 21, and to maintain this census on yearly basis.
