A MESSAGE FROM THE SUPERINTENDENT

This year Allen Consolidated Schools will be offering a "jump start" program for students who will be in Grades 1 through 9 during the 2021-2022 school year. The jump start program will be held Monday- Thursday from 9:00 a.m.-12:00 p.m. beginning on July 19th and ending on August 5th. Transportation will not be provided. The focus of this program will be math and reading. Please contact the school by July 5th if you would like to have your child participate in this program There is no cost.

Allen Consolidated Schools will once again be operating a preschool program for children who will be 4 years of age by August 1, 2021. These students will be kindergarten students beginning with the 2022-2023 school year. This will be a half-day program starting at 8:15 a.m. and ending at 12:15 p.m. The program is free of charge to district patrons and families who option enroll their children. We are proud to report that we have had many successes throughout the year. Preschoolers will be involved in activities that will promote success in kindergarten. As research has shown, the benefits of an early childhood education are extremely positive and a great investment in your child's future.

I would like to thank everybody for the great school year. The support given to the school by the parents and the community has been fantastic during these unprecedented times. I look forward to taking time to reflect upon the school year, celebrate the success and try to come up with improvements for next year. I have enjoyed having the opportunity to get to know the Senior Class of 2021. I wish them success in their future endeavors and hope that they always look back on their school and community with fond memories.

I hope everybody has a safe and productive summer. Please stop in the office anytime over the summer to visit with the administration. We are always open to any suggestions you might have to make our school better for our students and our community.

Principal's Message:

Difficult as it is to believe, the 2020-21 school year is drawing to a close, and what a year it has been! Hopefully by now, we are all seeing some warmth and sunshine! It has been a wonderful year, and Allen students and teachers have been keeping extremely busy this spring between numerous activities and events. Just since Christmas, we have had students compete and receive honors in academic contests, district music contest, science fair competitions, speech contest, wrestling, basketball and track! We have also recently completed our state NSCAS testing, spring MAP testing, and our statewide ACT testing for juniors.

I would like to point out several important upcoming events here at school. We will be honoring students at our National Honor Society and Academic Awards Ceremony on Friday, May 14, at 6:00 p.m. in the Allen Gym. Please join us in helping to congratulate these students who have worked hard all year and achieved in the classroom! The last day of school for elementary students will be Monday, May 17 with an early out at 1:00 pm. For our secondary students, semester tests will be given on Monday (periods 1, 2, 4, 6 and 8) and Tuesday (periods 3, 5, and 7 with checkout to follow), May 17-18, 2021 with a 1 pm dismissal both days. Please encourage your students to be studying but also to be getting adequate rest during this time.

We are also looking ahead to the 2021-22 school year, and students in grades 8-11 have already registered for next year's classes. Changes can still be made over the summer and during drop/add at the start of the school year. Over the summer, I will go through each high school student's schedule one by one, and do a credit check to make sure graduation requirements are being met. If you have any questions about course requests or requirements, please contact me here at school. I would love to discuss your student's schedule and options with you.

Allen High School commencement exercises will be held on Saturday, May 8th, at 2:00 p.m. Our seniors have reached the end of their high school educational career here at Allen, but it is just the beginning of their adult life. Congratulations to seniors and senior parents as well! We are so excited for them as they embark on this new journey of lifelong learning and wish them the best in whatever their futures hold.

--Mrs. Lana Oswald, HS Principal

Safety / Crisis Information

The Nebraska Department of Education is in the process of unifying language for safety procedures across schools in the state. The procedures requiring action are called "Standard Response Protocol" and consist of 4 main actions—lockout, lockdown, evacuate, and shelter. According to NDE, the Standard Response Protocol "is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident."

Here at school, we will be practicing drills based on these four actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don't be alarmed, and just know that we are practicing so that we can better protect our students.

In the event that we would ever need to evacuate the building for any reason, our Parent Reunification Site will be the Methodist Church, 402 Summit Drive, Allen.

In the case of an emergency, we would ask that parents and community members keep the following in mind:

Parents and relatives should **NOT** respond to the incident site (**school**) to allow public safety personnel time to respond to the incident.

Students will be released only to approved adults at the evacuation/reunification site (**Methodist Church**).

All members of the community should avoid driving anywhere within several blocks of the incident or evacuation/reunification site.

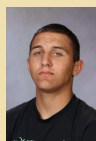

All members of the community should avoid using cellular phones for the first several hours of the situation. This is to help keep cellular phone service from collapsing, as it has in a number of school crisis events. School and public safety officials may be heavily reliant on cellular service during a crisis.

Concerned parties should not call the school, school board members, or public safety dispatch centers to get information regarding the incident or particular students and employees. Personnel at these locations will be extremely busy, and often do not have information regarding each evacuee. Inquiries severely hamper efforts to manage the crisis properly.

We certainly hope we **NEVER** have to actually use these procedures, but we want to be as prepared and responsive as we can possibly be if we do.

Thank you!

Be a Volunteer!

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a student, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, or helping chaperone on a field trip are all ways that one can serve as a school volunteer. Volunteers are made up of parents, grandparents, business people, retirees, high school students, and other community members. They can volunteer on a regular basis or on special occasions. If you would like to volunteer please call the school at (402) 635-2484.

Do you have a child who will be 4-years-old by July 31, 2021?

If you do, it is time to start thinking about Preschool.

The 2021/22 school year will be our tenth year of preschool in Allen.

Although it seems like all play, preschool also offers certain benefits to children to experience. These experiences include helping to boost cognitive and motor development, enhancing social skills, and increasing independence. A preschool education helps build a foundation of learning that will follow your child into his/her school years.

If you would like to enroll your child in preschool for the 2020/21 school year, please call the school for information. (402) 635-2484

Prospective Preschoolers for 2021-2022 are:

Eli Burke, Stevie Cole, Ainslee Gensler, Ruby Hendrix, Sawyer Hendrix, Adeline Peters and Bryan Roeber.

The Allen Consolidated Schools will be hosting Kindergarten Roundup on

Friday, May 7, 2021

If you have a child that will be 5 years old before July 31st and have not enrolled or need to request option paperwork please contact the school at (402) 635-2484.

You will need to bring a copy of their birth certificate, immunization record and social security card.

Prospective Kindergarteners for 2021-2021 are:

Zo'Thea Hergott, Jackson Kinzey, Jonathan Mansker, Kinzley Langwell, Hudson Murphy, Elijah Roeber, and Jason Warner.

POPPY POSTERS!!

Results of the 2021 Virtual Science Fairs

This past spring 6 students from Allen Consolidated Schools competed in three virtual science fairs. Students competed in the Northeast Nebraska Junior Academy of Sciences virtual science fair at Wayne State College, The Nebraska FFA Virtual Agri-Science Fair, and the Nebraska Junior Academy of Sciences Virtual State Science Fair. Because of Covid-19 the science fairs were virtual this spring. A virtual science fair is a little different that what the students at Allen Consolidated Schools are used to. To compete in the virtual science fairs the students submit a digital copy of their science research paper, make a digital poster, or power point presentation, and submit a short video presentation about the science research they conducted. Although, due to Covid-19 we have had fewer students enter the virtual science fairs, the students that did enter have done very well and have won some impressive awards.

Below is a list of the awards the students won this past spring in the virtual science fairs:

Ashley Kraemer: At the Greater Nebraska Science & Engineering Fair she received 1st in Microbiology Senior Division, the University of Nebraska-Lincoln Department of Food Science & Technology for Best Food Related Project \$750 Scholarship, and the Kropp Foundation Outstanding Scholarship, \$500 cash award. She was selected in the top 6 Senior Division projects at the Northeast Nebraska Junior Academy of Sciences regional science fair at Wayne State College. This qualifies her to compete at the Nebraska Junior Academy of Sciences state Science fair. This is the 3rd straight year Ashley qualified to compete in the Nebraska state science fair.

Cole Woodward: At the Greater Nebraska Science & Engineering Fair he received 2nd in Energy: Sustainable Materials & Design Senior Division, and the Best Senior Division Engineering or Engineering-Related Project \$70. He was selected in the top 6 Senior Division projects at the Northeast Nebraska Junior Academy of Sciences regional science fair at Wayne State College. This qualifies him to compete at the Nebraska Junior Academy of Sciences state Science fair. This is the 4th time Cole qualified to compete in the Nebraska state science fair.

The Midwest Leader in Shot and Footwork Fundamentals

Celebrating 27 years of experience and 50,000 students!

"During my several years as a student of the BEST shooting program, I learned how to train at game-speed, how to pay attention to detail, and how to never get bored with the basics. The fundamental habits and developed skills I absorbed from BEST propelled me to play Division 1 basketball, as well as coach at the highest level."

**Are you new to the Allen
School District or have
you had an addition to
your family?**

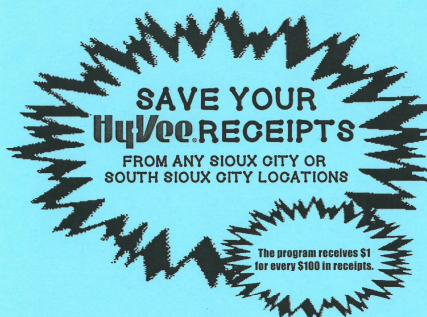

The School District Census Report is a requirement from the Department of Education that is due every July for children ages 0 - 21 that reside in our school district. These numbers are used by the Nebraska Department of Education for state aid and for federal funding. This list is also used to invite children who are eligible to be enrolled in Pre-School and Kindergarten each spring.

If you are new to our district or know of anyone who is new to our district you are encouraged to contact the school to provide us information. State statute and board policy requires that the school district establishes a permanent, continuing census of all children age 0 - 21, and to maintain this census on yearly basis.

Please contact Stephanie Sullivan or
Becky Stapleton at (402) 635-2484
