SUPERINTENDENT'S CORNER

I would like to take this opportunity to extend my congratulations to all of the students involved in Fall activities. It is always so impressive the way that our many student athletes and activity participants come together throughout the season to improve their skills and help one another to achieve higher levels of success from early August through October. As we move into our Winter season, I would like to wish every participant the best as they begin new challenges and hope that the season is a successful one!

As we begin this very festive and busy time of year, it is especially important that you reinforce time management with your children. With the quarter ending soon and semester finals approaching, it is important to structure study time at home on a regular basis. Please make sure you are checking in with your children and asking them about school and how they are doing. Be sure to check your child's grades on Power School on a regular basis. If you have any concerns or questions, please feel free to call or email your child's teachers at any time. Consistent communication between home and school will only enhance your child's educational experience here at Allen. Check their grades on Power School and fill free to call or e-mail the teachers at any time. If you have any questions about upcoming events and schedules, please call the office.

Just a reminder as the weather is starting to turn for the worse, along with the Tyco Alert calling system, Allen Consolidated Schools will continue to use local television stations. Decisions about a possible late start or no school will be made as soon as possible the morning of the inclement weather. As soon as the decision is made information will be posted to the local television stations and an ADT Tyco Alert call will be made.

Another winter weather concern is dressing the students appropriately for the upcoming temperatures. Please make sure your elementary students have heavy coats, some type of snow pants, gloves, and hats. The elementary classes will be going outside for recess on most days unless the weather is too severe.

Michael Pattee, Superintendent

Information regarding school delays and closing can be found on all Sioux City TV and radio stations. There are many factors to consider before making the decision to cancel classes, to start late, or to dismiss early. First and foremost, is the safety of the students, faculty, parents, and staff. Such a decision is not taken lightly.

We will be communicating with other area schools and hopefully will make a decision as to a weather related two-hour late start or closing as soon as possible. Occasionally a decision can be made either for a two-hour late start or a closing the night before. In the case of severe weather please check the 10:00 pm Sioux City news for up-to-date late start and closing information. Weather-related dismissals can also be found by going to the school website at www.allenschools.org and clicking on the Siouxland Matters Weather Closings and Delays button, the KMEG 14 & Fox 44 School Closings button, or the KTIV Winter Delays and Closings buttons on the right side section of the front page.

The school will be continuing to use the ADT program where each family will be called about delays and closings, as well as continuing to use the push notifications from the **Allen Consolidated App** that can be found on the Google Play Store or the iTunes Store.

****make sure to allow push notifications when installing the app.****

Occasionally it may be necessary because of bad weather to have an early out. If this is the case every effort will be made to publicize the early out and contact parents. We do not want to have students home alone without prior parent approval.

PRINCIPAL'S CORNER

It is difficult to believe that December is upon us, and that we have almost completed one semester of school already! We had a great first quarter—please check out our first quarter honor roll and congratulate those students if you get a chance! Semester tests are scheduled for Thursday, December 20, and Friday, December 21, 2018 with an early out on both days, and no school on the 21st for elementary. **Because college classes will be completed by then, seniors will be required to attend on Friday, December 21st for exams.** We have been encouraging students to work hard and improve their grades all semester, and with good attendance and effort, there is still plenty of time to do so. Here at school, on a weekly basis, struggling students have been notified of their grades and are encouraged to come in for help after school. At home, discussing classes, checking PowerSchool on a regular basis, and helping your teen establish a scheduled homework/study time are a few things that can also improve student learning. By working together, hopefully we can make an impact on academic success for our students.

I would like to take this time to extend congratulations to all of our students involved in fall activities, and especially congratulate students receiving these honors:

- ⇒ **Lewis and Clark Conference Quiz Bowl:** Top 8 in Varsity Division: Jacob Anderson, Brogan Jones, Ethan Malcom, and Cassidy Thomas

In addition, I would invite everyone to continue supporting students as winter activities commence. By this time, wrestling and basketball have begun, our one act play group has competed, quiz bowl team has competed, and our band and choir students have been busy preparing for their holiday concert. Our students appreciate your support and attendance at their activities!

Finally, during this holiday season, it is always good to take time to be thankful for our blessings. Here at Allen Consolidated Schools, we are very grateful for the Allen community, parents, students, staff and Board of Education. All of these people work together to provide a safe and wholesome educational program for our students. I would like to say “thank you” to everyone and wish you all a very Merry Christmas!

The Allen Consolidated School Student Council will be hosting a Giving Tree this year at the school! If you would like to take part in giving a child a gift....YOU CAN!!

Becoming a school volunteer can be one of the most rewarding experiences in life. Sharing a special talent, reading a book to a student, assisting the school librarian, helping to put up an interesting bulletin board for the classroom teacher, or helping chaperone on a field trip are all ways that one can serve as a school volunteer. Volunteers are made up of parents, grandparents, business people, retirees, high school students, and other community members. They can volunteer on a regular basis or on special occasions.

If you would like to volunteer please call the school at (402) 635-2484.

The first annual Junior Class Dodgeball tournament fundraiser was a big hit!

Ten teams ended up participating for the grand prize of \$100 to Bob's Bar. The tournament was set up as double elimination. After the first few rounds, games were set at best out of three. "Gabby's Bittys", led by team captain Allen alum Gabby Sullivan, came back from the loser's bracket to beat "Ball of Duty", led by Jacob Anderson for the championship! Seven members of Gabby's team are Allen Consolidated School alumni!

The junior class was able to raise over \$600 for Prom 2019 from this fun-filled day!

Library / Elementary Computer News

The library's feature books of this month are selections by author Jan Brett. Jan is most known for her colorful, detailed depictions of a wide variety of animals and human cultures ranging from Scandinavia to Africa. Display shelves have been set up in the library so that students can browse and check out these great pieces of literature. With the end of the first semester quickly approaching and reading assignment deadlines near, students will have a plethora of book ideas from our library's Jan Brett collection.

Elementary Computer classes have been busy continuing to enhance their typing skills. This is especially evident in the 2nd-4th grade classes. Students are progressing through assigned lessons and are graded on a rubric of skills for daily assignments. Kindergarten and 1st graders are working hard and have made huge improvements in using the mouse pad and keyboard efficiently and correctly. Lately, they have been working on a website called ABCMouse.com This educational site focuses on basic reading skills while incorporating important computer usage skills such as clicking, dragging, and typing. All grades K-4th still supplement their learning is Math by participating in Sumdog activities and grade level appropriate activities on www.ABCYa.com. Students can access both sumdog.com and abcy.com at home for extra skills practice.
