## The EAGLE Newsletter

September 2020 Edition

### A MESSAGE FROM THE SUPERINTENDENT

Teachers and students have been back in session for a full two weeks. In the preparation for the school year we have been in constant communication with local, state and federal health experts as well as receiving guidance at the state and local level. This ongoing communication has proved invaluable as we have moved forward instilling healthy and safe practices to keep our students in the building as well as keeping them healthy. Unfortunately, what we have learned from the last 6-7 months and continue to learn as we have opened school, is that the best-executed plans come with changeable, unforeseen circumstances to which a swift response is necessary. Our partnership with our families will be vital in making sure that we are able to stay in school. There are a number of items that parents can do to help keep our students and staff safe. Please read the following:

- ⇒ Temperatures/Symptoms/Monitoring – We will need the help and support of the parents to take their child's temperature in the morning, monitor for symptoms or signs of sickness, and keep their children home when they are not feeling well.
- ⇒ Students should not arrive at school prior to 7:45 a.m.
- ⇒ Lockers will not be used at the Elementary level, students should only bring necessary items in their backpacks for daily use.
- ⇒ Communication – We will expect families to communicate openly and honestly with the school to help support the health and safety of all of our students and staff.
- ⇒ Visitors at School – We will be restricting outside visitors to our buildings for the time-being. That includes parents picking up students.

I want to stress as we continue to do our best to physically keep school open, we will communicate as quickly and efficiently as possible with all of the parents and guardians. With the fluidity of COVID-19 and how quickly information comes into the school we do not always have the luxury of time when it comes to communication or planning. We will do our best to keep everyone updated if and or when situations occur in the school without violating the privacy of individuals who may be sick. We will also do our best to give as much warning as possible if we must move to stage 3 or 4 of the Allen Consolidated Schools Guidelines for opening and operations of school 2020-2021 plan.

Michael Pattee, Superintendent

## Principal's Message:

Allen students kicked off the 2020-21 school year on Thursday, August 13, and we now have our first full week of school firmly under our belts. The entire staff has been working hard to get ready for the new school year, and it has been so exciting to see both new and familiar faces fill the hallways. We have all had to adjust to a lot of new procedures, but everyone is being flexible and doing our best to have "grit and grace" as we hope for a normal school year!

By this time many of our seniors have started an internship or have begun taking a college level class on Fridays. We are proud to continue to offer this opportunity to our students, so if you are unfamiliar or have questions about this, please ask! Parent-teacher conferences are scheduled for Thursday, September 24, from 3:00 to 7:00 pm with an early out at 1:50 pm that day. We would love to have a chance to visit with all of our parents! As always, if you have any questions or concerns, please feel free to stop in the office or call.

I want to mention that over the summer, we were able to have our school yearbooks scanned page by page and sent back to us. They have been placed on the school website by year as a tab on the right side of the home page with the title, "Allen Yearbooks." Check out that link if you need a blast from the past! We are missing a few years in our collection, so if you'd like to loan us one of those copies to scan, we would be thrilled!

Finally, I want to thank everyone for their continued support and understanding as we try to balance student learning and the general health and well-being of our students, staff, and community. We are being faced with never-before-seen obstacles, but I firmly believe that if we are determined, caring, and flexible, we will have a truly great 2020-21 school year!

## Safety / Crisis Information

The Nebraska Department of Education is in the process of unifying language for safety procedures across schools in the state. The procedures requiring action are called "Standard Response Protocol" and consist of 4 main actions—lockout, lockdown, evacuate, and shelter. According to NDE, the Standard Response Protocol "is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident."

Here at school, we will be practicing drills based on these four actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don't be alarmed, and just know that we are practicing so that we can better protect our students. **In the event that we would ever need to evacuate the building for any reason, our Parent Reunification Site will be the Methodist Church, 402 Summit Drive, Allen.**

In the case of an emergency, we would ask that parents and community members keep the following in mind:

Parents and relatives should **NOT** respond to the incident site (**school**) to allow public safety personnel time to respond to the incident.

Students will be released only to approved adults at the evacuation/reunification site (**Methodist Church**).

All members of the community should avoid driving anywhere within several blocks of the incident or evacuation/reunification site.

All members of the community should avoid using cellular phones for the first several hours of the situation. This is to help keep cellular phone service from collapsing, as it has in a number of school crisis events. School and public safety officials may be heavily reliant on cellular service during a crisis.

Concerned parties should not call the school, school board members, or public safety dispatch centers to get information regarding the incident or particular students and employees. Personnel at these locations will be extremely busy, and often do not have information regarding each evacuee. Inquiries severely hamper efforts to manage the crisis properly.

We certainly hope we **NEVER** have to actually use these procedures, but we want to be as prepared and responsive as we can possibly be if we do. Thank you!

## HANDICAPPED CHILDREN'S ACT

Allen Consolidated Schools requests your help in locating handicapped children. The school implements the Federal Handicapped Children's Act (PL 94-142) and Nebraska Statute which guarantees a free appropriate education program for all children between birth and 21 years of age.

If you have students or know of any young person who meets criteria please contact the Superintendent's Office. (402) 635-2484

## SPECIAL EDUCATION

Allen Consolidated Schools ensures that a free appropriate public education is available to all children with disabilities from birth through the high school year in which the student reaches 21 years of age, including children who have been suspended or expelled from school.

## Notes from the Guidance Counselor:

**Are you new to the Allen School District or have you had an addition to your family?**

The School District Census Report is a requirement from the Department of Education that is due every July for children ages 0 - 21 that reside in our school district. These numbers are used by the Nebraska Department of Education for state aid and for federal funding. This list is also used to invite children who are eligible to be enrolled in Pre-School and Kindergarten each spring.

If you are new to our district or know of anyone who is new to our district you are encouraged to contact the school to provide us information. State statute and board policy requires that the school district establishes a permanent, continuing census of all children age 0 - 21, and to maintain this census on yearly basis.
