A Message from Administration

As we turn the calendar to May, it's hard to believe how quickly this school year has gone. This final stretch is always filled with a mix of excitement, reflection, and well-earned anticipation for summer. It is also an time to stay focused and finish strong.

Academically, May is about reinforcing what we've learned and preparing for semester tests. These final assessments are an opportunity for students to show what they know and how much they've grown throughout the year. A few simple habits can make a big difference: staying organized, reviewing notes consistently, asking questions when something isn't clear, and using class time with purpose. Encouraging students to study a little each day, rather than all at once, helps build confidence and reduces stress. Attendance continues to be critical this time of year, as each class period is intentional in preparing students for success on their final assessments.

This year has been filled with growth, academically, socially, and personally. We have seen our students rise to challenges, support one another, and take pride in their work. From improvements in the classroom to accomplishments in activities, athletics, and the arts, there is so much to celebrate. What stands out most is the consistency our students have shown. Their effort each day has led to meaningful progress, and that is something we are incredibly proud of.

As we approach the end of the year, we also look forward to celebrating milestones, whether that's recognizing student achievements, honoring our seniors as they prepare for graduation, or simply reflecting on the memories made throughout the year. These moments remind us of the strong culture and community we have built together.

While we are focused on finishing the year the right way, we are also excited for what lies ahead. Summer is a time to recharge, spend time with family, and enjoy the opportunities that come with a change of pace. We encourage our students to stay active, keep reading, and continue finding ways to grow, even outside of the classroom.

Thank you for your continued support throughout the school year. Let's make the most of these final weeks!

-Chris Blohm, Secondary Principal

Safety / Crisis Information

The Nebraska Department of Education has created a unified language for safety procedures across schools in the state. The procedures requiring action are called "Standard Response Protocol" and consist of 5 main actions—hold, secure, lockdown, evacuate, and shelter. According to NDE, the Standard Response Protocol "is the uniform classroom immediate response to any incident. Protocol not only enables rapid response determination when an unforeseen incident occurs but also allows for a more predictable series of actions as an incident unfolds. By standardizing the vocabulary, everyone immediately involved can understand the response and status of the incident."

Here at school, we will be practicing drills based on these five actions and discussing ways to improve our response effectiveness and timing. If you come to school and see a sign on the door, it will give information and indicate the type of drill being practiced. Please don't be alarmed and just know that we are practicing so that we can better protect our students. **In the event that we would ever need to evacuate the building for any reason, our Parent Reunification Site will be the school Bus Barn located at 111 E. 2nd Street, Allen.**

In the case of an emergency, we would ask that parents and community members keep the following in mind:

- 1) Parents and relatives should **NOT** respond to the incident site (**school**) to allow public safety personnel time to respond to the incident.
- 2) Students will be released only to approved adults at the evacuation/reunification site (**Bus Barn**).
- 3) All members of the community should avoid driving anywhere within several blocks of the incident or evacuation/reunification site.
- 4) All members of the community should avoid using cellular phones for the first several hours of the situation. This is to help keep cellular phone service from collapsing, as it has in a number of school crisis events. School and public safety officials may be heavily reliant on cellular service during a crisis.
- 5) Concerned parties should not call the school, school board members, or public safety dispatch centers to get information regarding the incident or particular students and employees. Personnel at these locations will be extremely busy and often do not have information regarding each evacuee. Inquiries severely hamper efforts to manage the crisis properly.

We certainly hope we **NEVER** have to actually use these procedures, but we want to be as prepared and responsive as we can possibly be if we do.

Thank you~ Administration

The weekend will commemorate three milestone anniversaries: the **250th anniversary of America**, the **100th anniversary of the building of Highway 20 through Allen**, and the **40th anniversary of ISOM's Lov-a-Lop Swap Meet**.

Saturday's festivities begin bright and early with the **registration of tractor drivers from 8:30 to 9:30 a.m.** Tractor participants will then take part in a drive beginning at **9:30 a.m.**, leaving the school parking lot and traveling to Waterbury and back—an event that always draws both participants and spectators.

Patriotic spirit will take center stage from **1:00 to 1:30 p.m.** with a **patriotic music and military performance** at the west shelter house of the park. At **2:00 p.m.**, ten lucky winners will be drawn to receive **ten pounds of hamburger each**, followed by a light-hearted paper airplane contest. Pieces of paper will be sold for **25 cents from 2:00 to 2:30 p.m.**, culminating in the **paper airplane toss at 2:30 p.m.**, with a **\$25 prize** up for grabs.

TIPS can also be used to report acts of kindness or other make positive comments in something called a Hero report.

How it works: if you are worried about friends, students or others, or if you witness concerning behaviors, simply go to the Allen School website (www.allenschools.org) and click on the TIPS REPORT INCIDENT button under Quicklinks on the right side of the website. Select the appropriate incident type, share the necessary details and then SUBMIT.

Once an incident report is made, the principal and designated staff members are immediately notified via email and can securely review the report details to begin coordinating an appropriate assessment and response. Pop tabs. They don't seem like much, you might not even think about them. But we do! Those little pop tabs can be recycled and the money helps the Ronald McDonald House to provide comfort and support for families all across Siouland. Could your family, business, or service club help us out by collecting pop tabs? Find out more here:

Are you new to the Allen School District or have you had an addition to your family?

The School District Census Report is a requirement from the Department of Education that is due every July for children ages 0 - 21 that reside in our school district. These numbers are used by the Nebraska Department of Education for state aid and for federal funding. This list is also used to invite children who are eligible to be enrolled in Preschool and Kindergarten each spring.

If you are new to our district or know of anyone who is new to our district you are encouraged to contact the school to provide us information. State statute and board policy requires that the school district establishes a permanent, continuing census of all children age 0 - 21, and to maintain this census on yearly basis.
