

School Improvement Action Plan 2

Allen Consolidated Schools

Student Performance Goal

Educational and career readiness opportunities for all students will increase.

Support Data (used to select the goal)	Standardized Assessments		Local Assessments (indicate local performance assessments)		
Surveys	None		Dual Credit offerings completed and compared to previous year..		
Classroom Assessment	None		Career pathways connected		
Perkins Information	None		Comparison of Friday's offerings and internships.		
Intervention (Strategy)			Research Supporting this Intervention		
1. Enrollment in and completion of dual credit and online college classes will increase.			Increasing dual credit offerings and focusing on CCR Pathways is supported by the state department and is appealing to parents.		
2. Modified schedule for seniors, allowing them to use one day per week to experience in-person, skill-based college classes or internships will be implemented.					
3. Partnerships with local schools to share staff providing students with more in-person coursework will be a priority.					
4. Students will participate in career-pathways courses in our agriculture and business programs.					
Activities to Implement the Intervention (Strategy)	Person(s) Accountable	Timeline		Resources	Outcomes / Desired Outcomes
